

Reiki II

Second Degree

Course Information and outline:

Reiki II offers a deeper connection and understanding to your Reiki practise. The Attunement for Reiki II gives you the Reiki symbols to work with. The Power, Mental/Emotional and Distance Healing symbols allow you to focus on particular issues or situations for healing, cleansing and creating positive change. They can be used in a variety of ways and are the heart of Reiki II, the symbols are necessary tools needed for any further Reiki teachings.

Reiki II is a professional qualification; this course provides you with the certificate needed to gain insurance and membership with the Reiki Federation, and or the Reiki Association. The certificate is granted upon the successful completion of 6 case studies. You choose who you would like to work with, and complete a short piece of written evidence on how you used Reiki and the symbols. Following this, time is given for you to discuss with your Reiki Master and to ensure you are confident in using the symbols. Some may choose not to use Reiki II for professional use, and to have it for self healing, family and friends.

The Attunement to Second Degree Reiki is a very powerful process. It opens up the Chakra's to a much higher vibration, in particular the 3rd Eye and Crown Chakra. As a result there is a much deeper connection to your intuitive mind and inner guidance. The Reiki Symbols are placed within your aura and can bring greater healing and awareness. The 21 day cleansing period follows; there can be noticeable changes to diet, lifestyle, and your personal and spiritual awareness.

All courses are Accredited with the I.P.T.I (Independent Professional Therapists International)
